

# 10 EASY WAYS

## to improve school parking and to keep the school pick-up/drop-off line moving

1. Be patient and respectful to other parents and to the neighbouring communities.
2. Follow and respect the directions of the guards.
3. Do **NOT** stop at the beginning or at the middle of the canteen drop-off/pick-up zone when there is room at the front of the line. Pull forward to allow more vehicles into this area.
4. Children should enter and exit your vehicle from the curb side.
5. Children should keep their school bags in the interior of your vehicle and not in the boot, so that they can exit quickly.
6. Do **NOT** get out of your car in the drop-off/pick-up zone unless it is urgent. If you need to talk to a teacher or another parent, please park in the parking lot.
7. Do **NOT** cut the line.
8. Do **NOT** use your handphone, honk your vehicle horn, play loud music or litter in the line.
9. **Gravel Tier Parking Lot** - Park closest to the metal fence and do **NOT** take up more than one parking spot or block other vehicles from entering or exiting.
10. **OUTSIDE elc** - Do **NOT** block traffic and do **NOT** park in a no parking zone marked by yellow lines on Jalan Sierramas Barat. A school bus or an emergency vehicle must be able to travel in both directions. This is the law.

**By working together, we can ensure a safe and efficient pick-up/drop-off of our children, saving parents both time and aggravation.**

**elc PARENTS' ASSOCIATION**
